Subject: Don't buy the Microsoft Settlement

Dear US Dept. of Justice:

Please do not allow Microsoft to settle this case with such a self serving plan. They have cost me and my small company untold amounts of money due to poor products and total lack of support. Furthermore I'd like to have all the money I spent for programs that I never wanted in the first place, but were forced to pay for from Dell and Gateway.

Make it hurt and make it hurt good.

Thank you,

Bob Mileti
